Linkcode Technologies Pvt.Ltd.   *Pune ,Maharashtra.*

- Studied and grasped the fundamentals of HTML, CSS, and JavaScript to build a solid foundation in web development.
- Gained familiarity with the fundamental principles and concepts of Agile methodology.
- Engaged in group discussions and knowledge sharing sessions to stay updated on industry trends and emerging technologies.

PROJECTS

Airline Management System : -

"Developed a comprehensive Airline Management System using Java and JDBC, incorporating core OOP principles. Managed flight schedules, passenger information, and employee data efficiently. Implemented features for ticketing, reservation management, and reporting/analytics. Utilized MySQL for data storage and retrieval. Demonstrated strong problem-solving skills and attention to detail in delivering a robust software solution.".

Portfolio Showcase :-

"Crafted a portfolio demo leveraging HTML, CSS, and JavaScript to showcase skills and projects. Implemented responsive design principles for optimal viewing across devices. Utilized CSS animations and transitions to enhance user experience and visual appeal. Integrated interactive elements and smooth navigation for seamless exploration. Demonstrated creativity and proficiency in front-end web development."

CERTIFICATIONS

- **Learn Java by Codechef**
